

## Internship Unilever Supply Chain - Repacking Location: Hamburg

Unilever is one of the world's leading suppliers of fast moving consumer goods with strong operations in more than 100 countries and sales in 190. With products that are used over two billion times a day around the world, we work to create a better future every day and help people feel good, look good and get more out of life with brands and services that are good for them and good for others. Dedicated to serving consumers and the communities where we live, work and play, Unilever employs more than 171,000 people worldwide.

For our Ice Cream Repacking Team in Hamburg we offer an internship in Supply Chain Management. In Repacking, we are producing customer and/or channel individual products in a late differentiation production step.

During the internship, you will learn about Supply Chain processes in Unilever and both commercial and operational Repacking processes. Beside this, you will manage your own project from day one on, in close collaboration with the Repacking team.

### Your project tasks:

- Analyse Ice Cream Repacking Network Structure
- Develop Automatisations for Intra Logistics Processes
- Build scenarios in different levels of Automatisations
- Create Business Cases and Decision Papers
- Adapt process descriptions and step-based Procurement model

### Your profile:

- Advanced technical or business studies (e.g. engineering, industrial engineering, supply chain management)
- Self-confident communication, in German and English, personally and virtually
- Structural and independent and analytical way of working
- Good coordination and administration

### We offer:

- An exciting internship in Supply Chain Management
- Deep insights in frozen logistics and late differentiation
- Interesting and diversified tasks
- Working on projects independently
- Practical experience within the FMCG industry

### Conditions:

Start date: As soon as possible

Duration: 6 months
